# SUMMER SCHOOLS

Vacation Playgrounds Fairly Well Attended, Although Not Quite Ready-Outing at Tuxedo.

Though the rain hindered work on the vacation playgrounds and schools, and they were not entirely ready for the opening, they were opened just the same yesterday. There were 155 children in attendance. Most of them appeared at the Ashley play-grounds, where Alderman John P. Sweeney and others interested in the work met and introduced them to their instructors and attendants.

Other open-air places were not largely attended, but all the schools-Dumas, Third and Victor; Shields and Humbolt-were crowded. When the weather clears up the children will scatter out among the play-grounds, which are located at Tenth and Carr streets, Eighth and Rutger streets and in the rear of the Ashley building, one of the largest tenement-houses in America,

at Ashley and Collins streets.

A delegation of ladies of the Playground Association, from Tuxedo Park, headed by Mrs. O. E. Cope, called yesterday afternoon at the flome of Mrs. E. P. Johnson, No. 5711 Bartmer avenue, and announced that the St. Louis and Suburban Raliway had provided for the conveyance of 100 chil-dren to Tuxedo Park on Wednesday, July 2, for an outing. Arrangements were made for the feeding and entertainment of these

It is considered that, under the circumstances, the opening of the schools and playgrounds was a happy success A meet-ing of the Executive Committee will be held this morning at the Shields School to note progress and direct changes.

### ASSEMBLY IS ASKED TO EXTEND SESSION

Sewer Commissioner Hermann Desires the Tower Grove and Rock Springs Bills Passed.

Bills providing for the construction of the Tower Grove and Rock Springs joint-district sewers will be introduced in the Municipal Assembly at once if both houses will agree to prolong the present session until July 8.

Sewer Commissioner Hermann will ask Vice President Boyce and Speaker Fontsna to have adjournment deferred long enough for passage of the bills. Acting Mayor Hornsby favors the idea, and it is thought the Councilmen and Delegates will be willing to grant the Commissioner's re-

The building of these sewers is and has been deemed a public project of particular importance. The joint Ways and Means Committee included in the general appropriation bill an allotment sufficient to complete the work, and even took money from other appropriations in order to do this. Councilman Newell showed especial interest in the improvement and lost no oppor-

est in the improvement and lost he oppor-tunity to urge a beginning.

"If the bills are passed now," says Mr.
Hermann, "the sewers can be built this year, whereas the work will be delayed until next March, or later, if an early start cannot be made." He has bills for con-struction of four district sewers, but he does not consider this work urgent. He will be more than satisfied if the joint-district sewer bills are passed.

Saturday's storm was more beneficial to sewers than harmful, the Commissioner says. No damage was done anywhere except at Twenty-second and Mullanphy streets. The water washed out the sewers. Contractors suffered some loss by the flowing of mud into open ditches, and the displacement of machinery, but even this loss he does not consider great.

The reason the storm was beneficial, Mr. Hermann states, was because the rainfall was distributed throughout sixteen hours Saturday. On at least three occasions in the past, he says, as much water fell in one hour as fell Saturday in sixteen hours.

### KIRKWOOD MYSTERY DEEPENS.

Crowbar Passed Through Bars to Assist Indians in Escape.

The Kirkwood "Indian" mystery is still far from a solution. Nothing was heard vesterday of the seven prisorers who were arrested Saturday for participation in an election riot, and who disappeared from the Kirkwood Jail early Sunday morning. The men, it was learned yesterday, also shot John L. Van Sice and shot at Rowland Learner to the control of the control o

he latter place they pressed through a win-low onto the roof of a coal shed and then

dow onto the roof of a coal shed and thea jumped to the ground.

When Marshal Secrest went to the jail Sunday morning he found that his birds had flown. Without stopping to investigate their method of escape he boarded a Missouri Pacific train and came to St. Louis, where he remained the rest of the day, searching for them.

"The Kirkwood Jail has but two cells," said Secrest to a Republic reporter yesterday, "and I let the men into the bullring, as I had done many times before. I had shot two or three of them with fine shot and let them into the bullring, where they could get close to the fire. It is evident that some one passed a bur in to them, with which they pried open the door."

Mr. Johnston said vester the men, would apply for warrants against the men, would apply for warrants against the men, and an effort will be made to and them.

DOCTOR INGRAHAM RESIGNS. Had Been a Minister for Fifty-five Years.

The Reverend Doctor J. P. T. Ingraham, who has been in the Episcopal ministry for fifty-five years, and pastor of Grace Church of this city for twenty years, preached his retiring sermon last Sunday morning. The doctor is in his eighty-fifth year, and he now turns over the rectorship of the Grave Church to a younger man, the Reverend Benjamin Reed of Paducah, Ky.

Doctor Ingraham was born in Portland, Me., in 1817. graduated from the Theological Seminary at Nashotah, Wis., in 1847. He has had rectorates at Milwaukee, Wis.; Indianapolis, Ind., and the remainder of his ministry has been spent in this city. For the last five years the doctor has been urging upon his vestry the necessity of a successor, but there was no disposition for a change. Doctor Ingraham is a brother of the Reverend J. H. Ingraham, author of "The Prince of the House of David," "Plilar of Fire" and other works.

The services last Sunday were intermingled with marked instances of love and pathos. The doctor summarized his work at the Grace Church as follows: Persons baptized, 1,025; presented for confirmation, 565; marriages solemnized, 266; funerals, 695; public services, 2,50e, and holy communion administered to more than 10,000. The Grace Church is one of the oldest Episcopal churches in St. Louis, having occupied its present site, Eleventh and Warren streets, for fifty-five years. The doctor expects to remain in the city indefinitely. f this city for twenty years, preached his

### DIVIDENDS WILL REACH \$1,500,000

St. Louis Corporations to Distribute Enormous Profits to Stockholders in July.

St. Louis corporations and financial institotions will pay to their stockholders in the neighborhood of \$1,500,000 this month. In many instances semiannual dividends fall due in July, and there are many companies which will pay their quarterly divi-

dends in the early days of the month. It is stated in financial circles that the gains over last year are almost 8 per cent, which is considered a remarkable increase. In the stocks which are listed on the local Stock Exchange, and with which St. Louisans generally are familiar, the divinds this month will amount to over \$1,-

Banks and trust companies of the city will pay out something like \$511,500 to persons holding their securities, Industrial corporations listed on the Stock Exchange will dis-tribute \$55,073. Besides these, there are many private corporations which will pay emiannual dividends.

many private corporations which will pay semiannual dividends.

The principal gains have been made in financial institutions. Many of these have increased their dividend rate or raised their capital stock. Traction companies also show a gain, because of the increase in their indebtedness in the last year.

Brokers of the St. Louis Stock Exchange and local financiers look for a renewed activity in stocks and bonds as a result of dividends paid in St. Louis and by companies throughout the United States. Investors will be seeking opportunities for investing their dividends, and it is believed that the local market will come in for its share of the buying.

The principal payments by St. Louis corporations are as follows:

### INCREASED REVENUE FOR THE SHERIFF.

New Fees Allowed by Supreme Court Makes Office Worth \$5,000 More a Year.

Sheriff Dickmann has been informed of a ruling of the Supreme Court which will increase the revenue of his office by more than \$5,000 a year. The Supreme Court decided that he was entitled to a fee of \$1.25 a day for the custody of prisoners in his care before they are transferred to jull. Heretofore his fee has never been claimed by any Sheriff, although the law has been on the books for years. It was not discovered by Dickmann until he had been in office six months.

On June 10, 1901. Dickmann presented a bill of \$2.50 to Judge Clark of the Court of Criminal Correction in the case of Belle Gordon, who was arrested on a misdemean or charge. The bill was for two days' cus tody. The woman has been arre-ted by the police, and, after the warrant was sworn out, she lay in the holdover a day and a half. Dickmann claimed that he was en-titled to a fee of \$1.25 a day for her keep-ing. Judge Clark told the Sheriff that the city had paid for the keeping of the wom-an, and as the Sheriff had been at absolute-ly no expense, he would refuse to allow the

Two similar bilis were presented in Judge Wood's division of the Criminal Court Judge Wood and Judge Ferriss held a con-Judge Wood and Judge Ferriss held a conference, and both agreed that the fee should not be allowed. Judge Wood then refused to audit the bills. Dickmann, through his attorneys, Johnson, Houts, Mariatt and Hawes, appealed to the Supreme Court for a writ of mandamus against the Judges, compelling them to sign the fee bills. The Supreme Court granted the mandamus Saturday.

I Sheriff Dickmann has not prepared his bill for these fees for the year. Chief Deputy Billhartz has a rough record of the cases which shows the fees for each month to be as follows:

cases which shows the fees for each month to be as follows:
In 1991—June, 1451; July, 1999; August, 1998; September, 1563; October, 1897; November, 1879; December, 1899; 1962—January, 1548; Febuary, 1517; March, 1517; April, 1579; May, 1833, making a grand total of 18,473.
Under a recent law the Sheriff is not allowed any fees in felony cases, which are diemissed in the Court of Criminal Correction. The fees for custody by these cases,

lowed any fees in felony cases, which are dismissed in the Court of Criminal Correction. The fees for custody by these cases, which would have to be substracted according to Billhartz's calculation, would be about \$100 a month, or \$1,200 a year. Subtracting this from the total leaves \$5,273 a year for the Sheriff. Clerks about the courts say that the fee could easily be run up to \$10,000 a year by holding more prisoners in police stations.

Sheriff Dickman defends his position in getting the fee by explaining that the Legislature has cut down so many of the fees of his office that there is hardly enough revenue to conduct the office. Last summer he was compelled to lay off half of his men because he did not have the revenue to pay them. This summer he expects to retain them all.

The law limits the personal income of the Sheriff to \$10,000 a year. Whenever, the office expenses being paid, the revenue exceeds that amount it must be turned into the State Treasury. No Sheriff has ever turned any surplus into the Treasury, In recent years it is said that the office is one of the poorest-paying ones on the list. Heretofore the law under which Dickmann gets his new fees has been looked upon as apolying only to the cases of prisoners in the actual custody of a Sheriff where he is obliged to pay for their board as, for instance, in small towns where there are no jalis, etc., and the Sheriff is obliged to take care them and convey them to the county seat. to the county seat.

JUROR'S ARREST EXPENSIVE Samuel Patton May Have to Pay Sheriff \$105.

Sheriff Dickmann presented a bill of \$10 in Judge Ryan's Court yesterday for the arrest of Samuel Patton, who was taken in charge Friday night on the charge of contempt of court. The bill reads "for the service of three deputies for fourteen days

teau avenue, betwen Ranken and Virginia avenues, was refused yesterday by L. C. F. Stemme, Deputy Commissioner of Public Bulldings, About seventy-five-property-owners entered remonstrance against issuance of a permit.

Mr. Stemme says the company will have to bring the case before the Board of Appeal, if redress be desired, as he will not alter his decision. The company, he says, intended to use the building to distill grease and versetable oil. He takes the position that such a plant would come under the same class as a tendering works, and he declined the permit on the ground that declined the permit on the ground that such a glace would be a nuisance.
